Colored Preacher's Wit.

The Boston Budget says that a merchant who lives near Boston numbers among his acquaintances and friends an old colored preacher, by whom he was recently invited to make a Sunday morning call at the church over which the latter presides. The merchant, although wishing most heartily to accept the invitation and to bring his wife also, was somewhat in doubt as to the propriety of so doing. "I am afraid," he said, in explanation, "that our presence would not be wholly pleasant to your congregation." The shepherd reassured him. "Why, sah," he exclaimed, "dere's so many white folks in dat church some Sundays mah congregashun looks like a hanful of blueberries in a bowl of milk."

Astrology in Ancient Times.

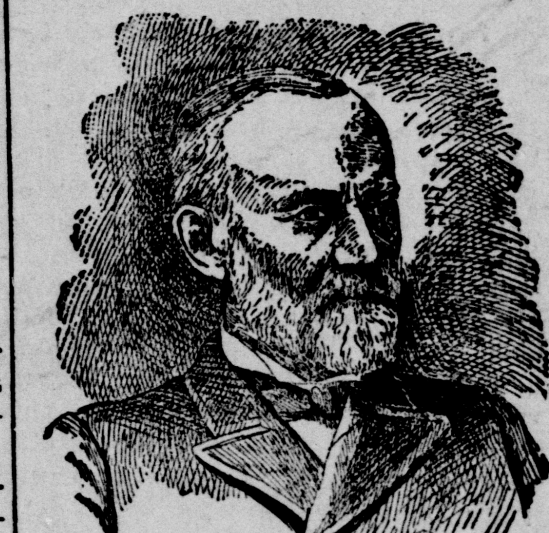

Astrology was cultivated first by the Chaldeans, and was transmitted from them to the Egyptians, Chinese and others at the very dawn of history. The Jews became much addicted to it after the captivity, 588 B. C. Bebe, the learned Saxon monk, was devoted to it, A. D. 673-735, and Roger Bacon, 1214-1292. It was much in vogue in Italy and France in the sixteenth century.

BITTER WORDS USED BY GEN. BRAGG

ASSAILS THE EX-CONFEDERATES SAVAGELY.

Denounces Them As Enemies of the Federal Government—Philippic Delivered at Army of the Potomac Banquet Held at Chicago Last Night—Greeted With Applause.

Chicago, Jan. 28.—[Special]—General Edward S. Bragg, commander of the iron brigade of the army of the Potomac and politician of national as well as Wisconsin note, made of his response to the toast "The Army of the Potomac" at the national banquet of the Western Society of the Army of the Potomac at the Sherman house

GEN. E. S. BRAGG.

last night a philippic against Confederate soldiers-legislators of today.

In cutting phrases and stinging tones he charged that the ex-confederates are now trying to do by political craft what once they failed to do on the field of battle—destroy the nation.

With a bitterness the greater because directed against men of the north, he said that for allies the reconstructed statesmen had the low-fallen millionaires of trusts and of monopolies. He named directly in his caustic speech the magnates of the sugar trust and the manner of the naming seemed to point to their endeavors to flet the Hawaiian islands upon the United States.

Bitter Language Used

"Memory will not down at the bidding," began the oration, in which came the fervid outbreak. "I am as thoroughly reconstructed as a man ought to be, but it makes my flesh cringe to see recommendations to federal office based upon the prowess shown in endeavor to tear down the government. It does not come with a good grace to me, in my cynical turn of mind, to be instructed in the construction of the organic law of the nation, the traditions of its people, and the proper legislation to be enacted to carry out the doctrine of the government as it was when our fathers gave it to us, from Statesmen inflated with glory from a desperate attempt to destroy the whole nation."

"Sometimes I have almost imagined that there might be re-enacted in the history of America the old wooden-horse fable of the plains of Troy. When I see a statesman from the south and a statesman from the north in unholy alliance—and from entirely different motives—to break through the traditions of the government, it would almost seem to me that one was actuated by a desire to load the national stomach with a quantity of food it could not assimilate, with out-throats and robbers, negroes and Indians, half-blood, quarter-blood, full-blood and some Spanish; and thereby weaken and destroy what powder and bullet failed to do.

Sugar Trust Is Blamed.

"These people as a whole never had and never will have one single conception of a free government other than that it means unbridled license with the right of pillage as will. And upon the other hand we stretch out to take in lepers, Portuguese, Japanese, Spanish, Canucks—not perhaps with a view of weakening our government, but it is sadly suspected, at the mandate of the sugar trust."

The distribute ended with as little warning as it had begun and the speaker was entering upon a sentence eulogistic of the army dead when the veterans perceived the climax had been reached and was being passed. Then the applause broke out, not wildly and jubilantly, but with a sullen roar which showed that hatered had struck a deep current of approval, although the vein like that of the orator's was one of discontent.

General Bragg's toast response was the first given at the ninth annual banquet of the society. Before he rose at 10:30 o'clock at the introduction of Toastmaster Walt R. C. Newberry the banquet menu had been assaulted and carried; letters of regret had been read from distinguished comrades including President McKinley, and General Wesley Merritt, the latter of whom but for illness would have come from New York to act as toastmaster, and a my songs had been sung to recall more vividly the memories of war days.

DRAPER IS GUILTY THE JURY SAID

MURDER CASE AT JACKSONVILLE ENDS.

The Man Who Stabbed Charles Hastings One Hundred and Seventy Times Will Spend His Life Behind Prison Walls—The Case Has Attracted Much Attention

Jacksonville, Ill., Jan. 28.—[Special]—Charles Draper was this morning found guilty of the murder of Charles Hastings.

Sentence was immediately passed and Draper will go to prison for life.

The case went to the jury at 11 o'clock today. At midnight no verdict had been reached and the delay lead to the belief that a disagreement would be the result, such was no the case however, the verdict of guilty being brought in at noon. Draper's counsel made the customary motion for a new trial.

The case was a notable one, and has awakened much interest. Draper stabbed Hastings one hundred and seventy times during a fight following Draper's detection in the office where Hastings was employed. He had been stealing abstracts.

AGED COUPLE ARE WEDDED

Groom Bought Children's Consent With \$100,000 In Cash.

Binghamton, N. Y., Jan. 28.—[Special]—Love will find the way under any circumstance and an aged minister living here has a new wife for which he paid, so to speak, \$100,000 in cash.

Rev. Lowell Harding aged 84, loved Mrs. Angie Walrous aged 62, and courted her in due form. His children opposed the match, and caused a row. The reverend gentleman was not to be balked however, and insisted on the ceremony being performed. Finally a compromise was effected, the minister delivering his property worth \$100,000 to his children, in consideration of which they withdrew all objections. Accordingly the ceremony was performed at noon yesterday, and the old couple were made happy.

A Quaint Scotch Wedding Custom.

A quaint wedding custom still prevails in many of the little country towns and mining villages in Scotland. When a wedding is held, the contracting parties make their guest pay in full for the eating, drinking and dancing facilities which are usually provided on such occasions. The practice still seems to survive even in Glasgow. This week a correspondent observed a notice posted up in the Cowcaddens—a low-class Glasgow thoroughfare—informing the public that a soldier would shortly enter into the bonds of wedlock, and that 2d would be charged for admission to the ceremony, and an additional 6d imposed for attendance at the wedding feast. The practice seems to be peculiarly Scotch, but 6d certainly seems moderate enough for a marriage supper.—London Westminster Gazette.

Coyotes on the War Path.

Western Kansas is overrun this year with coyotes. It was thought that they had been almost exterminated by the warfare made by the settlers of the new country, but reports from that section indicate that they are multiplying instead of diminishing. They have killed thousands of sheep, and even go into the farmers' hen-houses and kill their chickens. Dogs are no protection against their invasions, for one coyote, if cornered, will whip three ordinary dogs.

REPRESENTATIVE OTIS TELLS HIS FAIRY TALE

Alleged Bribery Charges Are Gone Into With State Witness On Stand.

Columbus, Ohio, Jan. 28.—[Special]—The Senate bribery investigating committee met this morning. Representative Otis, the star witness in the charges of attempted bribery against the alleged agents of Mr. Hanna was called to the stand. He said he met Henry Royce in Cincinnati on Jan. 7. Royce said he represented Pierpont Morgan of New York, and was an intimate friend of President McKinley. Otis consulted an attorney and told him that he knew what Royce was after. Later Otis testified that Royce talked of the emoluments the president could give Otis if he would vote for Mr. Hanna. After that Otis said his attorney showed him a check for a thousand dollars which he said Royce had given him.

Postoffice Savings Bank Deposits.

The amount due to depositors in the British Postoffice Savings Bank has grown in a year from \$97,868,975 to \$108,098,641, representing 6,822,035 accounts, or over 400,000 increase in the year. More than half these accounts belong to women and children; indeed, their number is estimated as high as 60 per cent of the whole body of depositors. It is curious to find that the average credit of each depositor is £15 14s. in England, £12 in Scotland, and £20 7s. 7d. in Ireland, and that while one in five of the population deposits in England, the proportion is one in fifteen in Scotland and Ireland.

THE PROGRAM FOR TONIGHT

FARMERS SEE EVILS IN POLITICAL LIFE

BOTH PARTIES CORRUPT
FRANK SMOCK DECLARES.

Resolutions Adopted By the Milton Junction Convention Pledging the Support of the Grange To Postal Savings Banks, Free Rural Mail Delivery and Salary Reduction.

Convention week in Milton Junction.

That means a good deal.

It means that Milton Junction has been stirred for the last three days by discussion of politics, corn-raising, stock-selling, free rural delivery, monopolies, road-making, hygiene and ministers' salaries.

No theme too recondite for discussion by a Milton Junction convention. Audiences have gained each year, and no governmental or ethical abuse can escape arraignment.

These were some of the resolutions that expressed the sentiment of the convention this year:

Resolved, That the educational interest of Rock county would not be impaired and the tax payers greatly benefitted if the county was made into one school superintendent district, said superintendent to receive \$1,200 per annum and no more than his printing, postage and stationery furnished the same as other county officers.

Resolved, That we endorse the efforts of the state and national governments to prevent the sale of adulterated and mislabeled food products.

Resolved, That we condemn the practice of gambling, not only in all farm products, but in all its forms and practices.

Resolved, That we, the members of the state of Wisconsin, respectfully represent that we are in favor of the passage of a bill creating postal savings banks throughout the United States and hereby request our representatives to vote for the passage of such a bill.

Resolved, That we are in favor of free delivery of mail in rural districts and would urge upon congress the importance of making such a change.

Resolved, That we are in favor of changing our constitution so that United States senators and the president and the vice-president shall be elected by a direct vote of the people and the president and vice-president hold their office for six years.

Sweeping as were the resolutions, the papers were equally comprehensive. Besides A. C. Powers' opening address there were addresses on "Pleasure and Profit in Farming" by Rev. George R. Chambers; "The Farmer of the Twentieth Century," Hon. D. F. Sayre; "Organization," H. E. Huxley, Neenah; "Postal Savings Banks," U. G. Waite; "Poultry Raising," Mrs. A. W. Lehmann, Neosho; "The Farmer in Politics," Hon. Frank Smock, Monroe; "Teaching Hygiene," Miss Mary Humphrey; "The Rural School Problem," President Albert Salisbury, Watertown; "Swine Husbandry," George Wyle, Leeds, Wis.; "Dairying," Superintendent George McKerrrow, Madison; "Experience in Road Making," Thomas G. Levering, Rockford; "Rural Mail Delivery," John M. Stahl, Chicago.

The school evening was in charge of Superintendent David Throne. President Salisbury was the principal speaker and there were discussions by Superintendents Ross and Throne, Professor A. E. Whitford and Miss Mary Humphrey.

H. E. Huxley showed in his Thursday address why farmers could not hope to thrive until their organization schemes had been perfected.

The postal savings bank plan was endorsed by U. G. Waite because of its safety, convenience and availability. Small depositors were especially in doubt selecting a bank. They were not in position to make such investigations as were necessary and would be glad to have a postal bank on which they could depend.

The argument was not all on the side of the postal bank.

J. C. Plumb brought up the suggestion that a postal bank might strip local communities of ready money and tie it up in government bonds, not leaving it available for local business operations.

D. F. Sayre feared that as deposits ran up to hundreds of millions congress would undertake the task of disbursing it.

B. Bleasdale dreaded the extravagance that would be encouraged in Washington by an immense surplus of uninvested money in the government bank—money on which interest was being paid and for which no use could be found unless new avenues of outlay were provided.

U. G. Waite thought this difficulty could be met by sending honest men to Washington, Frank Smock thought such a remedy would be ample and would insure the safety of the postal savings bank system. He believed both the old parties were hopelessly machine ridden and corrupt. Nine out of ten of the men representing them in Madison and Washington, had sold out body and soul. The people as a whole were not dishonest, however and he should not be afraid to trust them.

"You must not say that every man has his price, however. To make that charge is to admit that you judge others by yourself," declared the speaker. "There are honest men left—plenty of them—men who would represent you fairly and courageously. A few of them have been elected to office and have shown their worth."

Ex-Gov. Hoard took the floor as Mr. Smock retired.

"The people want honest men but

the politicians do not," he said. "When I was in Madison as governor I was made to realize this fact. Leading men in my own party told me I must side with them in their corrupt schemes or they would put the knife in me. And they did. They came to me with a St. Croix dam bill which had been rushed through assembly and senate without being read or printed."

"Sign that at once," said several of the men who controlled my own party. "I must read it first."

"We can't wait to have you read it. You must sign it," said one man—a leader you all know.

"By the Ever Living God, young man, that was not the way I was raised. Neither you nor any other man can say 'must' to me," I replied.

"I found that the fourth section of the bill made the state liable for all trespass or damages caused by the building of the dam, and I refused to sign it. That was only one example. There were hundreds of them during my term as governor. Many of the men in control of both parties were men in pay of great corporate interests. One of the leading Wisconsin republican candidates for United States senator today is a paid lobbyist of the oleomargarine combine."

Mrs. EVA GURNEE, of Appleton, made Mrs. M. C. Collins a short visit on her way to New Glarus to attend the funeral of her brother's wife, Mrs. William Barlow. She was a former resident of Janesville.

T. P. BURNS has had the choicest line of cloaks in town this season. The low prices we are making now bring them within the reach of every body. All \$5 to \$10 jackets \$2.92; all \$10 to \$20 ones \$5.69 and \$20 to \$30 garments \$9.87.

THE annual meeting and banquet of the Early Settlers' society of Rock county will be held Tuesday evening, Feb. 15, 1898, in the Young Men's Christian Association building. Supper and admission only 25 cents. All are invited.

THE Ladies' Aid Society of the Presbyterian church met for work in the church parlors this afternoon at 2 o'clock. In the evening the regular monthly missionary tea and program of the Woman's Missionary society will be held. Tea at 6 o'clock, program at 7 o'clock.

At the recent "factory meeting" it was decided to have O. W. Bemis call a meeting of the stockholders next Monday night at the office of John Barless, over the Empire drug store. At this meeting arrangements will be made for the election of a board of directors of the new company.

Mrs. and Mrs. Charles Tarrant entertained the members of a card club at their home, 158 North Jackson street, last evening. Progressive cinch was played and the prizes were won by Mrs. W. F. Palmer and Fred J. Bailey, while the booby prizes fell to Mrs. E. C. Johnson and George S. Parker.

GRAND Master William George Thwites, of Milwaukee; Deputy Grand Master H. E. Manuel of Oshkosh; Grand Chaplain, W. J. Fisher, of Horicon, Wis., all grand lodge officers of the Independent Order Odd Fellows, were the guests of City Treasurer, and Mrs. James A. Fathers, 359 South Main street last night.

AGED MAN IS HURT BY A HARD FALL

GEORGE ROSSITER, AGED 84,
INJURED.

Well Known Orfordville Resident Has His Shoulder Dislocated and Hip Fractured—E. S. Babcock of Milton Hurt In a Runaway—Some Other County News.

Orfordville, Jan. 28.—On Thursday afternoon "Uncle" George Rossiter climbed onto his kitchen roof for the purpose of removing some snow that had accumulated there and in some way lost his footing and fell to the ground a distance of about eight feet dislocating his shoulder and fracturing his hip. He was soon made as comfortable as possible but owing to his advanced age he being eighty-four years old it means a long tedious confinement. H. C. Taylor went to Rockford on Wednesday to assist in a farm institute at that place. Born to Professor McDermot and wife on Tuesday, the 25—a son. Born to Mr. and Mrs. Thosten Gundersen on Wednesday, Jan. 19, a daughter. No services at any of the churches last Sunday on account of the condition of the roads. Nearly every man who came to town on Wednesday had a shovel or two with him and a plough attached to his sleigh, in consequence Orfordville is enjoying good roads again. Hon. J. J. Richardson of Davenport, Ia., were in the village Thursday the guest of H. C. Taylor. He is on his way to California. George Rossiter of Maize, Ia., is visiting his parents and other relatives and friends here, this is Mr. Rossiter's first visit to Wisconsin since he left Spring Valley, 22 years ago. Miss Grace Kelly who is seriously ill at the home of her mother, is reported slightly better. Born to Mr. and Mrs. H. O. Wee on Saturday Jan. 22, a daughter. Edie Haugen was down from Milton on Sunday. Two of his college friends accompanied him. The concert given by the O. L. S. O. on Friday evening, Jan. 21, was a grand success. The program was furnished by Mrs. Jones and a class of her pupils from the Blind Institute assisted by home talent. The opera house was packed, standing room being above par. The entire program was of an exceptionally high order and was heartily enjoyed by the audience. The society served supper to the Janesville guests upon their arrival in the reading room. The proceeds of the entertainment was \$65. Henry Jones and wife of North Dakota, arrived at Orfordville on Saturday evening. They intend to make this their future home. The third entertainment of the lecture course will occur on Friday evening of this week and will be a lecture by Rev. J. J. Garvin, of Lake Geneva, on "Utah, Her Scenery, Religion and Politics." H. N. Haggard has been operating his tobacco warehouse for the last two weeks with about thirty hands.

NEW FROM MILTON TOWN

Items of Interest Gathered by The Gazette Correspondent.

THE GAZETTE AGENCY. W. W. CLARK, Manager, Milton, Wis., Jan. 28, 1898.

Nelson Reynolds, who died Tuesday morning was born in Petersburg, N. Y., June 19, 1809, was married in 1832 and came west in 1854, settling in Illinois. Thirty-three years ago he moved to this village and he died in the house into which he moved at that time. He leaves an aged wife and three children. Miss Lettie Reynolds resides here with her mother, Lyman H. Reynolds, of Doon, Iowa, and Mrs. O. A. Maxson, of Westley, R. I. The funeral took place this afternoon from the house and was conducted by Rev. F. B. Shurwin, assisted by Rev. Dr. Platte.

E. S. Babcock was the victim of a serious accident, Thursday. A horse kicked him, breaking a rib and injuring his stomach, to what extent, cannot be determined at the time we write. Prior to this injury he was pulled off his sleigh by the breaking of a whiffletree and got a black eye, this occurring on Monday.

The Harmony W. J. T. U. will have a "shadow" entertainment at the home of Mrs. and Will Grandall, on Wednesday evening next, Feb. 2. Each lady is requested to bring a box of luncheon for two. Everybody is cordially invited and if you go we guarantee that you'll have a jolly good time.

O. L. Brown, agent of the St. Paul road at Clear Lake, Iowa, and wife spent Wednesday with Milton relatives. They were enroute for Hammond, La., to visit Mr. Brown's parents.

Henry Walsh, of Dickens, Iowa, is in town visiting relatives and old acquaintances. He is on his way home from Chicago where he has been with a shipment of live stock.

The next lecture in the College course will be delivered on Tuesday evening next, at the chapel, by Rev. F. B. Shurwin, pastor of the M. E. church. His subject is "The Heritage of Woman."

The funeral of Mrs. Frank Cary took place Thursday at the M. E. church, Rev. F. B. Sherrin officiating. The remains were taken to Koshkong for burial.

Dr. M. J. Bagley of Whitewater, was called here Tuesday as a witness in a law case and took advantage of the occasion to visit old time friends and acquaintances.

Joe Dollister, of Milwaukee, who is a noted cyclist and represents the Andrae company was the guest of Operator Sperbeck and Mark Place this week.

John W. Hudson of Madison, visited Milton relatives this week.

N. P. Nelson, father-in-law of Brother Davis of the Journal, who

sides at Dell Rapids, S. D., has been the guest of his daughters, this week. The blizzard Tuesday caused the postponement of Prof. Shutt's lecture. He will appear on the evening of Feb. 8.

Justice Clarke tried an attachment suit, Clarke vs. Vanderwalker, Tuesday, and gave judgment for the plaintiff.

R. B. Tolbert returned from his trip to Southern Illinois Thursday. will not enter school at present.

City Attorney McElroy, of Janesville, talked archeology with W. P. Clarke Wednesday evening.

H. D. Whitford, of Milwaukee, is a visitor in the village.

C. W. Bullock was in the village Thursday.

THE PAST WEEK AT PORTER

Ninety-Five Cents Paid For Milk at the Creamery

Porter, Jan. 28.—Despite the low price of butter, Eagle creamery paid 95 cents per hundred weight for December milk. Some porkers were delivered from here on Monday in Edgerton for \$3.50 per hundred weight. Saturday night was the most stormy night this winter. Sunday morning all found the roads drifted nearly full.

Milk haulers had a hard time getting to the factory, but all were there just the same. Richard Leary of Edgerton, is spending the week here. The Kearns family have been suffering with the measles, but is convalescing. Between fifty and sixty couple attended the Porter Glee club dance in Fulton on last Friday evening, and all report a fine time. The same club give another dance soon. Some of the tobacco is being disposed of in this section, mostly to Evansville buyers for prices ranging from four to six cents. Farmers won't get rich very soon at this rate. A marriage is whispered of in the near future.

Johnnie Lienesau had quite a lively runaway one day last week while breaking colts. Aside from a broken cutter no further damage was done. Richard Stearns has leased the Aftley farm this year. Anyone wishing to buy hay can do so by calling on N. A. Pound. Miss Daisy Lawler of Beloit, is visiting friends in this locality. Miss Lizzie Lienesau has been spending a few weeks in the town of Fulton.

South Clinton News.

South Clinton, Jan. 28.—Henry Natesta is in Chicago receiving treatment for his eyes. Koute Thompson has returned from a two weeks' visit at Watford. As far as we know he came back alone. N. O. Newhouse left for Chicago Thursday morning. He expects to be gone a few days. The milk haulers path is not exactly strewn with roses these days but is pretty thoroughly sprinkled with snow. The Rustic Literary Society now has a membership of more than sixty. The meetings are well attended and very interesting at least when the "Bomb" comes off. Let the good work go on. Martin Lillston is visiting friends and relatives in Chicago. The next club dance comes off at Clinton next week. If you have an invitation go, if not stay at home or go somewhere else. Wolf hunting is the fad here this winter but so far the wolves have not suffered any serious inconveniences. H. O. Anderson and John Larson are on the war path today.

LOCAL FIRM NOT IN TRUST

Rock River Cotton Co. Who Make Mattresses Despite Association.

Thirty-one manufacturers of mattresses, representing factories in the district between Pittsburg and St. Louis, north of the Ohio river, met at Indianapolis this week and organized the Central Mattress Manufacturing Association, although it was noticed that one of the prominent firms of the country was not in the "trust." That firm was the Rock River Cotton Co. of this city, which company make a specialty of fine mattresses. Fred Howe said they did not attend the meeting this year for they thought they could do better by remaining outside of the association. The object of the meeting was to regulate prices on all lines of mattress goods and reduce harsh competition between factory men. Officers were elected.

CALVIN GETS TWO YEARS

Convicted of Horse Stealing, and Sentenced To Waupun Prison.

The jury that tried James Calvin in the Municipal court yesterday found the defendant guilty of horse stealing, after being out from 5 to 7 o'clock. Judge Phelps then sentenced Calvin to two years at Waupun, the lightest sentence possible under the law. District Attorney Jackson prosecuted while J. W. Bates appeared for the defense.

Whooping cough is the most distressing malady, but its duration can be cut short by the use of One Minute Cough Cure which is also the best known remedy for croup and all lung and bronchial troubles. People's Drug Co.

Crawford's Bill Passed.

Springfield, Ill., Jan. 28.—In the senate Thursday the Crawford primary election bill was passed, and was at once sent over to the house.

WE KEEP THE QUALITY UP

You Want The Best...

When you can get the best for 10c and 15c, none higher.

The McCall Bazar Patterns

Are the best made. Best, because they fit perfectly. Best, because easiest to understand. Best, because they have particularly graceful curves. Best, because most economical, as no seams are allowed, which makes a great saving in material. In trimming down a pattern when seams are allowed, the graceful shape is so often spoiled, as many women so well know. When basting up lining it is much easier when allowing one's seams, as the broad seams allowed on other patterns interfere when putting the garment together. Best, because up to date.

All 10c and 15c.

We will send our Pattern Sheet each month, to any out of town address, FREE. McCall's "Queen of Fashion," a bright monthly, one year, post paid, 50c. McCall's "Bazar Dressmaker," containing hundreds of styles, 25c by mail, issued every six months, additions monthly.

THIS DAY IN HISTORY

814—Charlemagne, emperor of the west, died.
1596—Sir Francis Drake, British navigator of western seas, died.
1770—Beginning of the administration of Lord North, during which the American colonies were lost. Frederick North, earl of Guilford, became leader of the house of commons in 1769. The war against the colonies he prosecuted with great vigor, being supported by large majorities in the house and thus enabled to overcome the fierce opposition of Fox, Burke and Chatham. Lord Brougham said of him, "The American war is the great blot on his fame."
1850—William Hickling Prescott, American historian, died at Boston; born in Salem, Mass., 1796.
1888—Rear Admiral Clark H. Wells, U. S. N., died in Washington; born 1823.
1890—General Samuel Sprigg Carroll, U. S. A., retired, a prominent leader in the civil war, died in Washington; born 1832.
1896—George Cochran Lambdin, a noted Philadelphia artist, died in that city; born 1830.

AMERICA COMES FIRST.

The people of the country who would have most at stake in case of a foreign war are perfectly satisfied with the manner in which President McKinley has handled the Cuban question up to this time, and have confidence in his ability and willingness to do the right thing at the proper time. The democratic howls in Congress are merely bids for the votes of that restless element in the country who have nothing to lose by an unprovoked war. Sympathy for Cuba is all right in its place, and it has a place in the hearts of most Americans, but the first duty of our president is the welfare of our own country—a duty which President McKinley is living right up to.

That part of Senator Wolcott's speech in which he asserted his belief that it would be necessary to change the ratio from 16 to 1 to 20 to 1 before international bimetallism could be secured, has not received the attention it deserved. It is the most significant thing said by a silver man at the present session of congress.

The secret is out. Hannis Taylor, ex-minister to Spain, was talking for an election to Congress from an Alabama district when he was shouting so lustily for immediate and forcible intervention in Cuba by this government.

If Germany opens the Chinese port it has acquired by more or less questionable methods to the commerce of the world, as report says it will, it will quickly silence criticism.

Even if there were no other and better reasons for the annexation of Hawaii, it would be desirable as a rebuke to the shameless, lying methods which the sugar trust has resorted to in its attempt to defeat it.

It may fairly be inferred that Dr. Talmage doesn't regard marriage as a failure, as he has lately taken unto himself his third wife.

Many a man who imagines himself a genius is only a common everyday fool.

Earthquake Felt in Mexico.

Tehuantepec, Mexico, Jan. 28.—Wednesday evening and early Thursday morning a dozen shocks of earthquake, some of them quite sharp, were experienced here, causing consternation among the people. Subterranean noises like the distant rumbling of wagons were heard, adding to the panic. No one was harmed, however.

To Exclude Immoral Shows.

Indianapolis, Ind., Jan. 28.—Representatives of the ninety-four state, district and county fair associations in Indiana met here Thursday and decided to exclude immoral shows from fairs. Under the action taken each association will be its own judge as to whether beer-selling and gambling shall be permitted.

Insurgent Brigadier Killed.

Havana, Jan. 28.—At noon Thursday Lieut.-Col. Benedicto, with the Spanish Reina battalion, surprised near Tapaste, this province, the camp of the insurgent brigadier, Nestor Aranguren, killing Aranguren and four privates, capturing five of the insurgents and wounding others who made their escape.

Spanish Ships for Havana.

London, Jan. 28.—The Madrid correspondent of the Daily Mail says: "It has been decided that the whole Spanish fleet shall concentrate at Havana, though not immediately, unless circumstances demand."

Draper in the Jury's Hands.

Jacksonville, Ill., Jan. 28.—The Draper case went to the jury at 11 o'clock Thursday. At midnight no verdict had been reached. The delay leads to the belief that a disagreement will be the result.

ASKS CANADA TO ACT.

Would Close Alaskan Passes—Trouble Would Be Sure to Follow.

Washington, Jan. 28.—A press dispatch from Vancouver says that the chamber of commerce of that city has petitioned the Canadian government to close the passes leading into Alaska to Americans unless the United States treasury changes the laws now in force for the transmission of foreign goods. At present a deputy collector has to accompany Canadian goods sent in bond through American territory, and charges \$6 a day for his services. This the Canadians consider exorbitant. Officers here laugh at the idea of a few Canadian police trying to close the passes to the land of gold and to turn back some 100,000 impatient American miners, all well armed. It is quite certain that trouble would follow any such attempt, and that the miners would go through anyhow.

Vote on Revenue Bill Postponed.

Springfield, Ill., Jan. 28.—When the House met Thursday it was at once apparent that there were not enough Republican votes to pass the revenue bill. To save the measure from defeat, the republicans favorable to it decided to postpone further action to next Tuesday, and this was done by the House after a lively session of an hour or more. The plan is to have the bill recalled to second reading on Tuesday next, and amend it so as to remove the features to which most strenuous objections are made.

Bad Fire at Mount Sterling, Ill.

Mount Sterling, Ill., Jan. 28.—The finest business block in the town was wiped out by fire Wednesday night with a loss of \$50,000, which is partly covered by insurance. Jack Nichols and Clay Piper were buried under a fallen wall and could not be reached for over an hour on account of the fire around them. Both were finally rescued, but are not expected to live. The origin of the fire is not known.

Representative Otis to Testify.

Columbus, Ohio, Jan. 28.—Chairman Burke could not get all the members of the senate committee investigating the alleged bribery charges together Thursday, and a session of the committee will be held sometime to-day, when Representative Otis will be examined. Attorney T. C. Campbell will also be placed on the stand if he is in the city. The committee expects to finish the examination of witnesses this week.

Woman Suffrage in Iowa.

Des Moines, Iowa, Jan. 28.—In the House Thursday the Committee on Woman Suffrage reported for passage the joint resolution proposing an amendment to the constitution striking out the word "male" from the limitations in regard to voting. The same amendment is pending in the senate, but has not been reached in committee as yet.

Will Advance Price of Coal.

Chicago, Jan. 28.—It is announced that on April 1 the coal operators of the country will push up the wholesale price of coal 25 cents at least and perhaps more. That increase, it is figured, will more than recoup the operators for the \$7,000,000 outlay to appease the miners.

To Elect Mississippi Judges.

Jackson, Miss., Jan. 28.—The House has adopted by almost unanimous vote two important senate concurrent resolutions, one submitting a constitutional amendment so as to make the judiciary elective, and the other ceding to the federal government rights of way and control of the Mississippi levees.

Eighty Regiments Ordered.

London, Jan. 28.—The Constantinople correspondent of the Standard says: "The minister of war, Riza Pasha, has been ordered to prepare eighty regiments, with a minimum strength of 1,700 men each, for service in Roumelia next spring. The attitude of Bulgaria is causing uneasiness, and the porte has sent remonstrances to such effect."

Passengers and Crew Saved.

St. Joseph, Mich., Jan. 28.—The forty persons aboard the City of Duluth, including the crew, were barely rescued before the steamer filled with water. The work of the life-saving crew was thoroughly done, not a life being lost, and there is a possibility that the steamer will be secured by a crew sent out to investigate.

Smallpox at Galesburg, Ill.

Galesburg, Ill., Jan. 28.—This community was startled by the discovery of a genuine case of smallpox. The patient is Charles Halvorson, a young man 20 years old. The health authorities acted at once and quarantined the house.

The Highest in Years.

Washington, Jan. 28.—The gold reserve Thursday reached \$163,670,000, the highest point in about seven years. The accumulation is becoming something of a burden and the government is no longer encouraging its deposit.

Ask Senator Lindsay to Resign.

Frankfort, Ky., Jan. 28.—After a hot debate the lower house of the Kentucky legislature adopted a resolution calling upon United States Senator William Lindsay to resign if he cannot support the Chicago platform.

Japan's Fleet Off Shan-Tung.

London, Jan. 28.—A special dispatch from Shanghai says the Japanese fleet is cruising off the coast of the Shan-Tung peninsula, where Germany recently obtained her Kiao-Chow naval station.

Work for the Philatelists.

The various countries of the world now use 13,400 different kinds of postage stamps.

Klondike Near La Porte, Ind.

LaPorte, Ind., Jan. 28.—A sensation has been caused here by the finding of gold on a farm northeast of this city. The metal was found in considerable quantities in drilling a well. Particles were assayed by local experts, and a sample was sent to the state geologist at Indianapolis for an expert opinion.

Engineers Ready to Settle.

London, Jan. 28.—A majority of the engineers have voted in favor of accepting the terms of the employers. The exact figures have not yet been divulged, but the proportion is said to be about 25,000 in favor of acceptance to 11,000 against it.

Say Great Britain Wins.

London, Jan. 28.—It is believed at the political clubs that the loan negotiations have ended by China's acceptance of Great Britain's terms. The official announcement of this, however, is not expected to be made until parliament meets.

APPLEBY GOT PAPERS DESPITE HER KNIFE

ROCKFORD WOMAN COULD NOT
SCARE HIM.

Told Her To "Go Ahead" When She Threatened To Commit Suicide With a Knife, and the Officer's Friend, Mr. Smith, Now Holds the Documents He Wanted.

Officer W. H. Appleby had a lively experience at Rockford yesterday, but as usual, he got what he wanted, and came home happy. The game that worked so far as the Rockford police were concerned, didn't scare the Janesville officer, and when Mrs. Imogene Johnson declared that she would cut her throat before she would allow her house to be searched, Appleby told her to "go ahead." She did so, thrusting a knife into her neck inflicting a trifling wound. Then, by skillful work Appleby got the papers he wanted, and returned to Janesville.

George Smith of Beloit, had a warrant issued for Mrs. Johnson, charging her with getting possession of six notes, amounting in all to \$4,300. The woman could not realize anything on the papers, but she said she could make considerable trouble for him by retaining them. Wednesday Attorney J. W. Bates, accompanied by an officer, went to the house, and Mrs. Johnson barred all the doors and locked the windows when she saw them approaching. The lawyer announced his intention of breaking in one of the doors, but the woman appeared at a window with a knife in her hand.

Officer Backed Out.

She held the weapon to her throat, and then calmly announced that if the door was broken in she would kill herself. She was evidently thoroughly in earnest, and the officer felt compelled to retreat, but not until they had received assurance from the woman that if Smith would call personally she would give him the papers, as she thought too much of him to work any injury to him.

Mrs. Johnson formerly lived in Beloit, where her husband is said to live at present. This is thought to be the sequel of a rather romantic story which is partially told by the records of the justice and police courts of Rockford and Beloit. A former Rockford lawyer, D. W. Shoudy, at one time had the Beloit town marshal's entire force at work on a case he was about to institute, claiming that he wished to find Mr. Smith and make him defendant in a breach of promise suit. The case was started in the circuit court in Rockford against Smith, Mrs. Johnson asking \$25,000 damages. At the last term of court the case was dismissed at Mrs. Johnson's cost.

Got Appleby To Go.

Mr. Smith wanted the papers, so he asked Officer Appleby to get them. Smith and Appleby had been friends for years so the Janesville policeman consented. When he reached the Johnson home Mrs. Johnson tried the same game that was tried Wednesday. Appleby was not scared however and told her to "cut away." She then plunged the knife into her neck, but only made a trifling wound. Then Appleby got her to go to court and make a complaint against Smith. While she was gone he searched the house but found no papers. Seeing tracks in the snow leading to the next house Appleby decided that the papers were there. Going to the house he found that his surmise was correct. The woman of the house said Mrs. Johnson had left a tin box with her some time ago. Appleby got the box, and found the documents he wanted therein.

Mrs. Johnson afterward followed him nearly to Beloit, but did not dare enter Wisconsin. She said she was looking for Smith, and when the officer told her he had gone to Chicago, she immediately left for that city. Smith, however, did not go to Chicago, but is keeping out of the woman's way.

NAMES ON THE ROLL OF DEATH

William H. Gates.

William H. Gates, a resident of the Town of Beloit, passed away Thursday night at his father's residence between Beloit and Janesville in the thirty-seventh year of his age. Mr. Gates was born in the town of Beloit, May 25, 1860. He had been unfortunate in losing a limb. On August 17th, 1877, he received a gun shot wound which necessitated amputation September 14, 1887. He had held the office of clerk of school board in District No. 1 Beloit and Turtle. In 1896 was elected town treasurer and was re-elected 1897. Mr. and Mrs. George P. Gates of Watertown, Wis.; Mrs. Harriet Gates, Chicago, and Mrs. Henry O. Russell of Minnesota, were among those present at the funeral.

David Campion.

David Campion, a resident of the town of Harmony for fifty-one years, died at his home at 4 o'clock yesterday afternoon, aged seventy-four years.

Mr. Campion was one of the pioneer settlers of Rock county. He was born in the county Kilkenny, Ireland, in 1823. He came to America in 1847, and took up his residence in the town of Harmony, where he has since continued to reside. He leaves besides a widow, one daughter, Mrs. James Doherty of the town of Harmony; one brother, James Campion of the town of Harmony, and one sister Mrs. Martin Delaney, of this city. The funeral will be held from St. Patrick's church at 10:30 o'clock tomorrow morning.

Patriarches militant meet tonight.

BURTNESS IS FREED FROM HIS DEBTS

JUDGE BENNETT RULES ON
THE CASE.

Petitioner Told of His Financial Troubles Saying That He Had Lost His Farm Despite All He Could Possibly Do To Stave Off the Trouble.

Several residents of Orfordville, were in the circuit court chamber this morning to listen to the proceedings in relation to the insolvency petition of one H. T. Burtness. From figures that were submitted it seems that Burtness owes in the neighborhood of about \$12,400, most of which money was said to have been loaned to him personally by the men who appeared in court this morning. To be relieved from paying these amounts Burtness asked the court to discharge him from his debts.

The following men claim the following amounts: Elling Maggermon \$600, Andre Jorder, \$450, C. Clementson \$200, Hans Rude \$200, George Helmbolt, \$150, Nels Hegard \$100 and Olaf Anderson \$100.

Other creditors to the number of thirty-five were represented by Smith & Pierce, while E. D. McGowan appeared for the petitioner. Burtness was the only witness to take the stand. He told how for the past few years he had been trying to guard against the trouble that had at last overtaken him. For twenty-nine years he says he has resided on a farm near Orfordville and that now the mortgage on his farm of 140 acres has been foreclosed. The court, after hearing the testimony of the petitioner, ordered his discharge as an insolvent debtor and that he assign over whatever property he may have not exempt.

PENDLETON IS IN ON GROUND FLOOR

ALL READY FOR THE KLONDIKE RUSH.

His Horses and Wagons Are At Skaguay and He Will Open a Transportation Line Over Chilkoot Pass in the Spring—Builds Two Big Warehouses.

Frank E. Pendleton of the local firm of Pendleton & Gilkey is in receipt of an interesting letter from his brother, Ira Pendleton, who is now near the entrance of the Chilkoot pass in the town of Skaguay, Alaska. Mr. Pendleton, who recently left the United States with a shipment of sixteen heavy draft horses and four heavy supply wagons, writes of his safe arrival. His object in going to Alaska was to establish a transportation line by teams over the Chilkoot pass as soon as the road bed is put in a condition to make it passable. Eighteen of the thirty miles that one is now obliged to travel over the roughs of the country in order to pass the Chilkoot have been put in good shape so that a team can travel with safety over the road with the opening of the spring.

Gangs of men are now at work on the balance of the road bed and it is expected that it will be in fairly good condition when the rush to the Klondike gold fields commences. It is this opportunity that Mr. Pendleton and his transportation outfit are awaiting. To each wagon he will attach four horses and while the rush lasts he will haul freight over the pass for all who wish. At each end of the pass he is now having rude but strong warehouses erected and his teams will make these places their headquarters.

The few teams now in that section are earning plenty of money. He says that \$100 a day is "fair pay" for a man with any kind of a team. That Mr. Pendleton has gone to Alaska in the nick of time, and that he has a banana there is little doubt.

At the arrival of the first boats in the spring the rush will commence and those who wish to enter the Klondike fields via the Chilkoot pass will no doubt be willing to pay good prices in order to get their outfits and provisions over the pass.

MRS. MARGARET M'LAY RENDERED HELPLESS

Strike of Paralysis Was Suffered This Morning and She May Not Recover.

Mrs. Margaret M'LAY of Harmony was stricken by paralysis this morning. She had been in poor health all winter, being confined to her bed most of the time. She was up for a short time this morning and just as she was stepping back into bed she was overcome.

Her right side was found to be helpless and she was unable to speak. Dr. James Mills was called as soon as possible, and pronounced her condition very serious. Mrs. M'LAY lacks but a few years of seventy, and illness has sapped her strength to such a degree that she has little reserve force. Her chances for recovery are believed to be slender.

Mrs. M'LAY made her home for some time with her sister, Mrs. John Clark of North Bluff street. Since her illness she has been with her daughter, Mrs. David Barless, in Harmony. She has many relatives in Rock Prairie, Robert More, chairman of the county board of supervisors, being her brother.

Another damage suit is in prospect. City Clerk Badger has received the following letter by mail:

Beloit, Wis., Jan. 28, 1898—City Clerk of Janesville, Wis.—Dear Sir—I write to inform you that through my attorneys, Fethers, Jeffris, & Field & Mount, I shall bring suit against the City of Janesville for the sum of \$5,000 dollars for injuries received in that city on February 13th, 1897, from an icy and obstructed sidewalk, from which I have never recovered and physicians claim I never can. I have been barred from a protection in the Ladies of the Maccabees of \$2,000 dollars on account of that injury. Now unless the city of Janesville offer a satisfactory settlement I shall begin suit at once as I have all necessary proof and reliable witnesses ready to testify in my behalf. Hoping to hear from you, I remain respectfully.

THE TOILET.

Health is Fashionable, and Here Are a Few Hints Regarding It.

Sore throat and hoarseness are sometimes caused by cold feet, and these are evils which most women—indeed most persons—are anxious to avoid, especially persons who sing, as so many do in these days. There is always a draft on the floor, even in well warmed and well joined houses. Therefore women subject to chills and to cold feet should not wear thin, low slippers during the winter, even within doors, but should instead keep to warm, high boots or quilted julets, which protect the ankles. Thick soled walking boots, with woolen or chamois insoles, should be worn out of doors and cloth garters reaching to the knee.

The eyes are benefited by being bathed in very hot water rather than cold. This

SKATING COSTUME.

tends to allay any inflammation of the lids. A sty may be driven away by a persistent application of water as hot as it can be borne.

It is said that a mixture of half alcohol, half water, with a few drops of glycerin added, will prevent the hairs of the eyebrows from falling out if it is rubbed up on them daily.

To soak ink spots in milk is recommended as a sure way of removing them. The remedy seems almost too simple, but is so easy and harmless that it is worth a trial.

Inferior toilet soap is one of the most prolific sources of red and rough hands. Only the best soap should be used, and the best does not always mean the most highly perfumed or the most prettily packed. A pure soap, containing healing as well as cleansing ingredients, is a necessity, and when any make is found to answer this description it should be regularly employed.

FASHION NOTES.

Items of Interest With Respect to the Feminine Wardrobe.

Embroidery, which is so lavishly employed on ball and reception costumes, is by no means absent from less ceremonious toilets and is seen on street gowns, and especially on wraps—redingotes, capes and jackets. One of the richest varieties of embroidery, as well as the newest, shows an application of black velvet on white satin, enriched with jet and jewels of turquoise. Applications of green velvet on black cloth, embroidered with steel, are also very effective. These applique embroideries, while exceedingly striking and rich looking, are more costly in the matters of time, patience and neatness of hand than in anything else, and may be made by the amateur provided she copies a good design and has abundant leisure.

Try to Do This.

Take a light chair and place it with its back to the wall. Stand in front of it facing the wall with the toes about a foot from the front feet of the chair and, placing one hand on each side of the chair, lean forward until the top of your head touches the wall. The problem is to lift the chair from the floor and without moving the feet to take the head away from the wall and stand upright.

Simple as this appears it is impossible. Very few people, as you will find, would anticipate any difficulty in doing this. Get them to try.

This trick is, of course, very like the old one of standing against a wall sideways, with the shoulder and one foot touching the wall. It is then impossible to raise the outside foot without losing one's balance and falling away from the wall.

FEW NEW POINTS ADVANCED

Debate of the Teller Resolution Enlivened with Spicy Colloquies—Indian Appropriation Bill Passed by the House—General Discussion.

Washington, Jan. 28.—Today at 6 p. m. the senate will vote upon the Teller resolution and the pending amendments thereto. The session will begin at 10 a. m., and after 2 p. m. the speeches will be confined to fifteen minutes each. Thursday's session continued for more than six hours, the resolution being under discussion throughout practically the entire session. Mr. Daniel (dem., Va.) made a legal argument in support of the pending resolution, holding that the law never contemplated giving to the government's creditor the option as to the kind of money to be paid.

Mr. Lodge (rep., Mass.) said he had always been an international bimetalist and was one now. He held, however, that the country was confronted with two propositions, one of which it would have to accept—either the existing gold standard must be maintained or the country must authorize free silver coinage. The latter alternative means, said he, the disappearance of gold from circulation and the placing of the country upon a silver basis. Mr. Lodge declared that any change in the monetary standard would fall with dire results upon the masses of the people.

Mr. Lindsay (dem., Ky.) followed in support of the resolution. He held that it was not bad faith on the part of the government to pay obligations in any money authorized by law. In a colloquy between Mr. Lindsay and Mr. Caffery the latter declared: "The government is morally bound to pay its obligations in the best money. If gold should depreciate or silver should increase in value it would be a violation of public faith to pay our obligations in gold."

Mr. Caffery (La.) delivered an extended speech in opposition to the resolution.

Mr. Smith (dem., N. J.) said the adoption of the resolution was either misunderstood or the debate had taken such a wide range as to submerge the question. He announced his intention of voting for the resolution.

Mr. Cockrell (dem., Mo.) supported the resolution. He discussed the question at some length, taking up and defining various financial enactments since 1870 to show that United States bonds were practically declared to be payable in silver. He did not think there could be any question that the bonds of the United States should be paid in standard silver dollars at the option of the government. That would be an honest, equitable payment, which would satisfy the consciences of all the people and every moral law. The opponents of the resolution were working in the interest of the bankers of the world. He held that the United States was great and powerful enough to coin silver freely and yet maintain its value. He quoted a speech of Senator Allison, in which the latter had said that the value in gold and silver was conferred by legislation, and Mr. Cockrell said that was the essence of the whole question.

POLITICAL DEBATE IN HOUSE.

Mr. Hartman Severely Criticizes the Administration.

Washington, Jan. 28.—The house Thursday finally succeeded in passing the Indian appropriation bill, and the political debate which has been raging since Monday was transferred to the District of Columbia bill, which followed it.

The features of the debate were the speeches of Mr. Hartman (silver rep., Mont.) in denunciation of the financial policy of the administration and of Mr. Dilliver (rep., Iowa) in reply to the general attacks of the opposition.

Mr. Hartman ridiculed Secretary Gage's definition of bimetalism in the latter's speech at Philadelphia on Tuesday. The republican party, he said, foreclosed its right to use the term bimetalism when the St. Louis platform was adopted.

Mr. De Armond (dem., Mo.) criticised the Cuban policy of the administration, and ridiculed the official explanation

These pleasant little pellets are absolutely harmless, have saved thousands of lives and prevented much sickness. The Munyon Remedy Company prepare a separate cure for each disease. At all druggists—25 cents a box. If you need medical advice write Prof. Munyon, 1505 Arch Street, Philadelphia. It is absolutely free.

COLD CURE

of the visit of the battleship Maine to Havana harbor. This drew from Mr. Dilliver (rep., Iowa) an eloquent reply.

"The question of Cuba," said Mr. Dilliver, "is not a new question. For seven years the administration of Grant was called upon to deal with an insurrection in nearly every respect on all fours with the insurrection of to-day, and at the end of that time, seven years of responsibility, seven years of anxieties, of worry, in a message sent to this house, he vindicated this policy of the administration and warned the country that any intervention in the affairs of Cuba would be not only unwise, but injurious."

The debate drifted into the question as to whether prosperity had come with the Dingley law. Mr. Greene (pop., Neb.) alleged that not a single farm product except wheat and wool was higher to-day than a year ago.

Mr. Grosvenor (rep., Ohio) as the latest evidence of prosperity, called attention to the 10 per cent a ton advance in the wages of coal miners agreed upon at Chicago yesterday. That increase, he said, affected 200,000 miners.

CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headache, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Xux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use.

Mr. N. J. Roher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

GREAT SPEECH AT NEW YORK.

Addressing the Manufacturers' Association the Chief Executive Says He Favors Bimetallism if Accompanied by International Agreement.

New York, Jan. 28.—The third annual banquet of the National Association of Manufacturers of the United States, which took place Thursday night at the Waldorf-Astoria hotel, was one of the largest and most elaborate affairs of the kind ever given in this city. One thousand guests were seated at the tables.

At 10:30 o'clock Warner Miller rapped for order. He said there was nothing political in the organization. The chief end of the organization, he declared, was to extend the commerce of the United States abroad. Mr. Miller then introduced Theodore C. Search, president of the association, who spoke briefly.

The wildest enthusiasm prevailed when President McKinley was introduced. The president spoke slowly and was plainly heard in every portion of the hall. He said in part:

"National policies can encourage industry and commerce, but it remains for the people to project and carry them on. If these policies stimulate industrial development and energy, the people can be safely trusted to do the rest."

"The government can aid commerce, but not create it. It can widen and deepen its rivers, improve its harbors and develop its great national waterways, but the ships to sail and the traffic to carry the people must supply. Much profitable trade is still unenjoyed by our people because of their present insufficient facilities for reaching desirable markets. We must know just what other people want before we can supply their wants. We must understand exactly how to reach them with least expense if we would enter into the most advantageous business relations with them."

"There is another duty resting upon the national government—to coin money and regulate the value thereof. This duty requires that our government shall regulate the value of its money by the highest standards of commercial honesty and national honor."

"The money of the United States is and forever must be unquestioned and unassailable. If doubts remain they must be removed. Nothing should ever tempt us—nothing ever will tempt us—to scale down the sacred debt of the nation through a legal technicality."

"Whatever may be the language of the contract, the United States will discharge all its obligations in the currency recognized as the best throughout the civilized world at the times of payment. All those who represent, as you do, the great conservative and the progressive interests of the country, owe it not only to themselves, but to the people, to insist upon the settlement of this great question now, or else to face the alternative that it must be again submitted for arbitration at the polls."

"It will not suffice for citizens nowadays to say simply that they are in favor of sound money. That is not enough. The people's purpose must be given the vitality of public law."

"The difficulties in the path of a satisfactory reform are, it must be admitted, neither few in number nor slight in degree, but progress cannot fail to be made with a fair and thorough trial. An honest attempt will be the best proof of sincerity of purpose."

The President then quoted the financial plank of the St. Louis platform, and added: "This is in reality a command from the people who gave the administration to the party now in power, and who are still anxiously waiting for the execution of their free and omnipotent will by those of us who hold commissions from that supreme tribunal."

Senator William P. Frye of Maine referred to the great increase in domestic commerce and gave statistics. In speaking of the Nicaragua canal, he declared that the United States should build it. He did not approve of the private ownership of the canal by any corporation; the government was in the best position to build and operate the canal.

Senator Frye said that the value of the Hawaiian islands was \$39,000,000 and that Americans owned them. American ships carried the commerce valued at \$23,000,000. He said that if the treaty were not ratified in less than one year the islands would be under the protection of Great Britain. He asked the guests to exercise their influence with the senate to have the treaty ratified.

Charles Emery Smith spoke at length on the commercial destiny of the United States, which he predicted would in the coming century peacefully dominate the markets of the world. A merchant marine which shall revive our early prestige on the sea, a navy to command respect for the voice of our authority, commercial lines which shall run direct to pivotal points and the isthmian canal, under exclusive American control, which shall be the focus of continental trade, will give us a practically continuous coast line and open to our trade the markets of the 70,000,000 people of South America and the 500,000,000 of China.

PARIS PAPERS TALK WAR.

They Resist Fiercely German Interference in the Dreyfus Case.

New York, Jan. 28.—Another turn has been given to the Dreyfus affair by the declaration of Baron von Bulow in the reichstag. His statement that Germany had nothing to do with Dreyfus comes rather as a surprise—in fact, is pretty generally disbelieved.

Le Petit Journal's article on the subject is a remarkable one. It says: "Europe is beginning to think that the French government will soon be unable to suppress the outbreak or keep back some statement liable to bring about a conflict. This," it declares, "is the motive which has prompted Baron von Bulow's statements in the reichstag. Does Germany fear or does she seek war? In any sense," Le Petit Journal says, "it is not to the interest of France to let the matter go any further. A modern war is too terrible to be entered upon lightly. Although France is dangerously near the abyss, it is not too late to pull up."

Forestry Bulletin for Farmers.

Washington, Jan. 28.—The agricultural department has issued a farmers' bulletin on the subject of forestry for farmers, by E. F. Ferno, chief of the division of forestry. It contains articles in popular language regarding the growth of trees, the planting of a forest, treatment of the wood lot, the cultivation of the wood crop, influence of trees, etc. The publication is a reprint from the year books of the department for 1894 and 1895, and is issued in the present form because of the large demand for the information contained.

K. of L. and Immigration.

Washington, Jan. 28.—While Catholic organizations throughout the country are deluging congress with petition for the defeat of the measures restricting immigration, the executive board of the Knights of Labor, by direction of the last general assembly held at Louisville, is conducting a vigorous campaign in favor of house bill 74 and senate bill 112. These bills contain practically the same provisions as were embodied in the Lodge-Corliss bill, which President Cleveland vetoed.

Colorado Miners Back to Work.

Denver, Col., Jan. 28.—The miners in the northern coal district who have been on strike for a couple of weeks have resumed work and depend on the state board of arbitration to settle the question between the miners and mine-owners. The operators and the men both agreed to abide by the decision of the arbitration board, which will be rendered as soon as the investigation is completed.

FAVOR THE PLAN.

Monetary Delegates Deny Opposition to the Commission Bill.

Philadelphia, Jan. 28.—The following statement has been issued by the delegates of the Merchants' association of New York to the Indianapolis monetary convention, from which they are returning home:

"We regret that erroneous reports have appeared in the newspapers regarding our action at the Indianapolis convention. It is due to the cause of 'sound money,' in whose success we are deeply interested, to say that we unanimously voted in the convention for the resolution approving the report of the monetary commission, and we earnestly hope that the necessary legislation may be secured to give effect to the principles of a single gold standard, a sound bank currency and the government's retirement from the banking business."

Fall River Strike About Settled.

Fall River, Mass., Jan. 28.—The strike interest in this city now centers in the situation at the King Philip mills, the difficulties in the other mills having been practically settled. The surrender of the frame spinners at the Fall River Iron Works Company's mills ended the only other strike of large proportions, and at the Sagamore the places of the discontented employees have so far been filled as to practically end the difficulty there.

Czar Takes a Roseate View.

Berlin, Jan. 28.—A dispatch to the Lokal Anzeiger from St. Petersburg says the czar, speaking at a private gathering of the officers of the Preobrazhensky regiment, said: "I wanted long ago to accept your invitation, but events were weighing heavily on my mind, particularly difficulties with Japan. Now, thank God, all is cleared up, and no conflict of any kind is to be feared."

After years of untold suffering from piles, W. B. Pursell of Knitersville, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and obstinate sores are readily cured by this famous remedy. People's Drug Co.

Economy in Iowa.

Des Moines, Iowa, Jan. 28.—Republican representatives in caucus hit the state binder and the state printer hard. With but two dissenting sixty-two members of the majority voted to pass a bill to reduce the rate of compensation for state work at once instead of January, 1899, as provided for in the code. It is claimed this will save the state \$20,000 during the coming year.

Miners Prepare to Celebrate.

Pittsburg, Jan. 28.—The result of the interstate convention at Chicago is looked upon as a victory alike for both miners and operators in the Pittsburg district. The operators are feeling jubilant and the miners are talking of having a big parade to celebrate their victory.

A thrill of terror is experienced when a brassy cough or croup sounds through the house at night. But the terror soon changes to relief after One Minute Cough Cure has been administered. Safe and harmless for children. People's Drug Co.

Italian Immigrants Arrive.

New York, Jan. 28.—In anticipation of the new immigration law going into effect, the rush of immigrants to this country has started. The Tartar Prince arrived Thursday with 720 persons in the steerage. The vessel comes from Italian ports.

Kurds and Armenians at War.

London, Jan. 28.—The Kurds are devastating Armenian villages in the neighborhood of Russian vilayets, and the Armenians are retaliating, according to a report from the Vienna correspondent of the Daily Telegraph.

WHAT MAN DOES NOT LOVE BEAUTY?

Mrs. Pinkham Counsels Young Wives to Keep Their Attractiveness. A Letter From a Young Wife.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyes.

What a disappointment then to see the fair young wife's beauty fading away before a year passes over her head!

I feel as if I would like to say to every young woman who is about to be married—
"Strengthen yourself in advance, so that you will not break down under the new strain on your powers." Keep your beauty, it is a precious possession! Your husband loves your beauty, he is proud to be seen in public with you; try to keep it for his sake, and your own.

The pale cheeks, the dark shadows under the eyes, the general drooping of the young wife's form, what do they mean? They mean that her nerves are failing, that her strength is going and that something must be done to help her through the coming trials of maternity.

Build her up at once by a course of some tonic with specific powers. Such as Lydia E. Pinkham's Vegetable Compound. You can get it at any druggist's.

Following we publish by request a letter from a young wife—of her own accord she addresses it to her "suffering sisters," and while from modesty she asks to withhold her name, she gives her initials and street number in Chambersburg, Pa., so she can easily be found personally or by letter:

To my Suffering Sisters:—Let me write this for your benefit, telling you what Lydia E. Pinkham's Vegetable Compound has done for me. I am but nineteen and suffered with painful menstruation, leucorrhoea, dizziness, burning sensation back of ears and on top of my head, nervousness, pain and weakness of muscles, bearing-down pains, could not sleep well, was unable to stand without pain, and oh! how I longed to be well!

One day I wrote to Mrs. Pinkham telling her all, knowing I could do so in perfect confidence.

She wrote me a lovely letter in reply, telling me exactly what to do. After taking nine bottles of the Compound, one box of Liver pills, and using one-half package of Sanative wash, I can say I am cured. I am so happy, and owe my happiness to none other than Mrs. Pinkham.

Why will women suffer when help is near? Let me, as one who has had some experience, urge all suffering women, especially young wives, to seek Mrs. Pinkham's advice.—Mrs. R. S. R., 113 E. Catherine St., Chambersburg, Pa.

ILLINOIS MINING SCALE.

Operators and Miners Said to Have Fixed a Differential and Prices.

Chicago, Jan. 28.—The executive officers of the Miners' union and representatives of the operators in the various states met yesterday to decide on the figures that will govern the rate for mining in the various states during the coming year, and it is the general belief that their final report will be satisfactory to all concerned.

The differential and the mining price in Illinois, according to the report, will be as follows, the figures given being for mine run: Danville, the governing point, will have a price of 40 cents a ton; Streator field, 47 cents; thin-vein coal, 63 cents; Wilmington field, 68 cents; Springfield, 40.7 cents. Along the line of the Chicago & Alton railroad from Chatham to Carlinville, the rate is to be made 40 cents; at Assumption and in the long wall mines, 64 cents; at Glen Carbon, 40 cents; for Duquoin, Sandoval and the Wilmington Coal company, 36 cents; for the Peoria district, 45 cents; at Rock Island and Mercer county, 47 cents; for the long-wall mines in the Peoria district, 63 cents, and at Mount Olive, 37 cents.

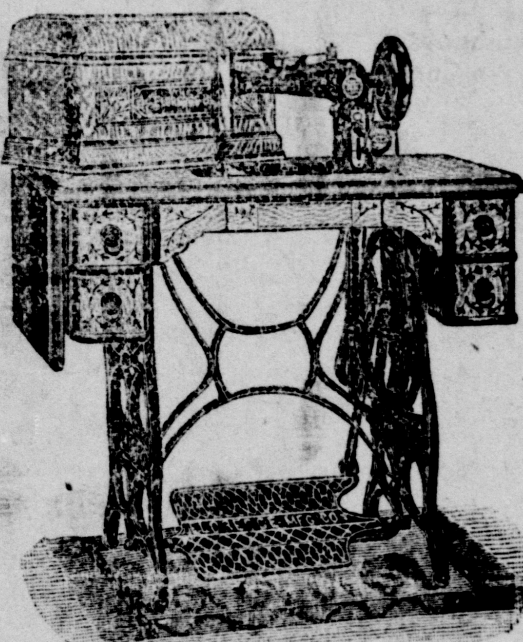

Wheat Prices on the Jump.

Chicago, Jan. 28.—There was a general advance Thursday in wheat values from California to New York; also in

comprehensive campaign of education. A meeting of the committee it was decided to maintain headquarters both in this city and in Washington, and it was decided to hold a convention May, 1900. Representation will be the next one will be in the first week of the year. The sessions of the Supreme Court will be held in the Supreme Court building, A. L. Herford, Springfield. A 'cheap' Sewing Machine May Be Too Cheap.

BUYING MACHINES FROM strangers is costly business. We sell machines as cheap as reliable machines can be put on the market. We back them with a positive five year guarantee—our personal guarantee and the maker's. The makers are the National Sewing Machine Co. of Belvidere, one of the largest concerns in the country. They turn out 500 machines a day, and can build thoroughly good machines on the closest possible margins. We show four of their best sellers:

At \$16 "Expert".

At \$20 "Seamstress."

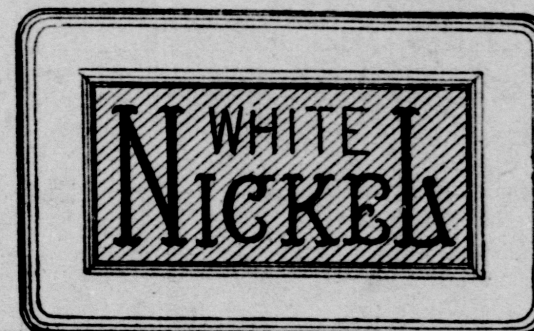

At \$25 "Eldredge B."

At \$30 Eldredge B (Drop Head.)

OUR \$16 machine is worth two of any other low-priced machine on the market and is backed by a sweeping five year guarantee. Every part is case hardened. All parts are interchangeable, so that repairs can be had on a day's notice. The machines will last a life time. They are built by skilled mechanics. They are built in a factory; not in a foundry. They are backed by a responsible firm and if anything goes wrong you know where to come.

Home Made Soap

Users of large quantities of Soap give WHITE NICKEL the best of recommendations. We have many testimonials from them, one of which we give today:

"The WHITE NICKEL SOAP CHIPS purchased of you are superior for washing linen fabrics and the very best for cleansing flannels, which, with their use do not shrink. In fact, I have never used a Soap equal in all ways to WHITE NICKEL."

H. S. SIKES, Proprietor Whitewater Steam Laundry.

These Soap chips are same as WHITE NICKEL SOAP only in different form. One bar of WHITE NICKEL does the work of two bars of other Soaps. It is made only of pure tallow and coconut oil. No harmful ingredients. Ask your grocer for WHITE NICKEL SOAP.

January Cloak Business...

Is good--better than usual in this month, but whether it is because there's more money in circulation or that we are giving better values than ever before, we cannot tell. Certain it is that business in the cloak department reminds us of the busy times during early season. Of course there are many reasons why women are buying cloaks at this time, the most important being that the new and stylish coats which have been priced at \$9 to \$15 can be bought today a \$5.00, and coats which have been up to \$7.50 are now down to \$2.87. This applies to misses' jackets as well as to ladies' garments, whether jackets or capes.

It is well to have in mind that the line of new, stylish garments which we show at this time is larger and more complete than the average store shows at the beginning of a season. For large women we have plenty of good coats in 40, 42, 44 and 46 bust measure at both the above prices---\$2.87 and \$5.00.

Gaiter Leggings--For ladies, misses and children in six sizes. Made of black jersey cloth, with buttons and straps. Prices 75c to \$1.35 according to size. No gaiter on the market to equal them for warmth.

Fleece Lined Hosiery--Have all sizes, in two qualities for ladies--25c and 35c, and at the prices they are excellent value. For children, have a line, sizes 6 to 9½, at 10c and 12½c.

All lines of Winter Goods are priced low.
